- Lead all the visuals and graphic designs for club events, creating posters, social media content, and presentations, reaching **13K+ students** and strengthening the Saudi community at Boston University.

Research, Development, and Innovation Authority

Jul 2025 - Oct 2025

Innovation System Development Intern

- Built a market intelligence tool to analyze over **1,200 deep tech startups** conducting R&D in Saudi Arabia, supporting data-driven insights for innovation policy and incentive design.

Public Interest Technology, BU Spark!

May 2025 - Jun 2025

UIUX Designer and Front-end Engineer

- Built two civic tech web apps for the City of Boston, used by **25+ organizations**, integrating 311 data and community resources.

AI and Human-Machine Interaction Lab

Sept 2024 - Dec 2024

Research Assistant

- Conducted over **+35 simulations** using the *CARLA* platform to develop and test AI-driven solutions for enhanced human-machine interactions.
- Enhanced model performance by **20%** through iterative testing and tuning of perception and control algorithms.

EXTRACURRICULAR ACTIVITIES

- **Project1932, LittleSib** — *A leadership program that focuses on leadership development.* 2026
- **Hack@Brown Hackathon** — *Built and prototyped solutions in a team-based hackathon.* 2026
- **DS+X Hackathon** — *Applied data science and AI to real-world problems.* 2025
- **Women in Cybersecurity** — *Built partnerships and coordinated guest speaker events* 2025
- **MIT GEM Hackathon** — *Developed solutions for energy and sustainability challenges.* 2024
- **Mini Hack (BU Spark!)** — *Built app/game prototypes in a fast-paced hackathon.* 2023
- **BU Consulting Group** — *Solved real-world business cases and presented recommendations.* 2023

PROGRAMMING PROJECTS

Dorchester Public Safety - Web App (On The Porch)

- Designed and built an interactive map-based platform that combines 311 and crime data with LLM-powered sentiment from community transcripts, helping residents visualize local safety trends and advocate for change.

District 6 Resource Web App

- Developed a mobile-first web app for Boston City Council to centralize 100+ community services and events; implemented smart filtering, map integration, and a Strapi-powered admin dashboard for staff updates.

Suggest Stream - Web App

- Built a web-based movie recommendation system that delivers personalized suggestions based on user preferences and watch history, achieving **~88% accuracy** in matching user-rated favorites.

AWARDS & CERTIFICATIONS

- Aramco Scholar (Full-Ride Scholarship)
- Dean's List at Boston University
- Tuwaiq Academy UI/UX Certification
- Dale Carnegie Wathiq1 & Wathiq2
